

Product Specification Sheet

Mid-America Vinyl Shutters Style S4-Z Exterior Board & Batten Shutters

This guide is intended to help answer any questions about specific dimensions of the custom board and batten shutters you will receive. Please note that the manufacturing process for vinyl window shutters is not exact. All sizes are nominal and may vary slightly from one shutter color to the next.

If you are installing your outdoor window shutters in a cavity or next to an obstruction and you require an exact shutter width, we recommend that you call us for an exact width measurement before ordering the custom vinyl window shutters, as sometimes the actual outside shutter width is slightly wider than what is specified.

Vertical Board Width: 3 ½"

Cross-Batten Height: 3 ½"

"Z" Batten Width: 3 ½"

Shutter Depth (Thickness):

- 1 ¾" at the Cross Battens
- 1 ¾" at the "Z" Batten
- 7/8" between the Cross Battens and "Z" Batten

Shutter Width: 16 ¼"

Available Heights:

- From 18" to 144" in ¼" increments
